

Prompt response to any property damage situation is the most important aspect of complete and effective restoration. The AAS Restoration Team is comprised of three core divisions that specialize in providing immediate services.

Contents Services

When your home or business sustains damage from fire, water, wind, or mold, the damage may extend beyond the structure itself, impacting the contents within the structure as well. In a situation where your personal property has been affected, AAS Restoration, Inc. has the capabilities to inspect, pack out, and clean your personal belongings, restoring them to their pre-loss condition during the process. If your structure is undergoing reconstruction, we will store your personal property in our climate-controlled warehouse until the renovations are complete. Our Contents Division takes extreme measures to provide the utmost care, security, and accessibility to all items brought to our facility.

Contents:

- Pack-out inventory and full-service moving
- Cataloged storage vaults
- Climate-controlled warehouse
- Deodorizing system
- State-of-the-art cleaning and garment restoration
- Electronics cleaning
- Esporta Wash System

AAS Restoration is prepared to immediately respond to all categories of natural and man-made disasters. Our commitment to comprehensively respond to your needs is the foundation of our guarantee. Our dedication to service starts as soon as the call is received by our on-call personnel, and it does not stop until the last piece of your property has been restored to your expectations. Please do not hesitate to contact us with any questions that may arise throughout this process. Our continuous focus is to provide you with the highest quality service by using leading-edge equipment and a highly trained staff to best respond to your needs.

Emergency Services.....

AAS Restoration will provide rapid response, prompt attention, and the proper equipment to mitigate and control the extent of damages to your property. This division will provide the initial damage assessment of your loss. The team will then formulate and execute a plan that will focus on the stabilization of your property. Our focus is to prevent a bad situation from becoming worse.

Emergency:

- Board-up service
- Roof covering
- Fire-related electrical and plumbing
- Water extraction
- Fire-damage restoration
- Water-damage mitigation
- Structure dehumidification and drying

Reconstruction Services

Once your property has been stabilized and the extent of damage has been determined, your property will most likely require reconstruction. AAS Restoration is a full-service general contractor that can provide a variety of post-emergency services. An AAS Restoration Estimator will contact you to discuss and address our full reconstruction and remodeling capabilities. Our estimator will provide a detailed estimate within 48 hours for your insurance purposes. AAS Restoration enlists the services of only certified and experienced tradesmen who are dedicated to rebuilding your home or business.

Reconstruction:

- Electrical
- Plumbing
- HVAC
- Windows, doors, and flooring
- Drywall and plaster
- Siding and exterior finishes
- Painting and staining
